Neptun identifier **OR** Employee's number (sometimes referred as BMK):

Affiliation to the university:

Student

Employee

Important information

- After registration, you will use this username to authenticate to our systems. If an e-mail account requested, your address will be `username@caesar.elte.hu`.

- After the access being granted, the **username** stated above **cannot be changed**. Please keep in mind, the fact that this name will be used, and will be visible to other members of the university.

- Only identifiers referring to a person (name, nickname, etc) are allowed. We do not issue identifiers that refer to organizational units, geographical names or other companies, professions. (For example coffeebar, bioresearch, dean are all forbidden names to request)

- The length of the identifier must be between 3 and 12 characters (inclusive). The requested username should only contain letters of the English alphabet, numbers, and hyphen (-). First character must be a letter and the identifier cannot contain two hyphens following each other immediately.

- Your password is not transferable, thus the initial password can only be provided to you or a previously designated proxy person. For authentication purposes the requestor or the proxy person will be asked for a valid ID card or passport. We recommend you to change the initial password on the <https://ugykezes.elte.hu/> website (available in English).

- **For our offices' opening hours visit <http://iig.elte.hu/forusers> .**

I have read and agree to the terms of services.
