

## Setting WiFi connection

1. Connect to „**ELTE-Guest**”
2. Open [ugykezekelo.elte.hu](http://ugykezekelo.elte.hu)
3. Click on „**Belépés**”
4. You're redirected to a login page. Select NEPTUN authorization by clicking on  icon, then insert your NEPTUN identifier and NEPTUN password; click on „**Bejelentkezés**”.
5. To create your IIG account fill the appearing form.
  - a. *first row:* „**Választott IIG azonosító**”: choose a username (nickname) using lowercase english alphabet. The length of the identifier must be between 3 and 12 characters (inclusive). The requested username should only contain letters of the English alphabet, numbers, and hyphen (-). Dot (.) is not allowed. First character must be a letter and the identifier cannot contain two hyphens followed by each other.
  - b. *second and third row:* „**Választott IIG jelszó**”: password, can't be the same as the username, it must be at least 6 characters.
  - c. At the bottom of the page, the checkbox after „**Kérem a WiFi azonosító létrehozását is**” must be checked .
  - d. Click on „**Igénylés**”. After a while, you're redirected to a page where the system confirms your request.
6. Disconnect from the „**ELTE-Guest**” and try connecting to „**ELTE**”. The requested username/identity and the password is the same as that you entered in the form.

**If you have questions, technical issues, feel free to visit the collaborators of IIG Operátori Szolgálat.**
