Downloading and using the VPN client for macOS operating systems

1. Download the file required for the installation from the <https://vpn.elte.hu/ms> website. You can log in here using your **ELTE email address** and its corresponding password.

The image shows the ELTE Sign in page. At the top is the ELTE logo and name. Below it is the text "Sign in". There is a text input field labeled "e-mail cím / email address". Below the input field is a link that says "Can't access your account?". At the bottom of the form are two buttons: "Back" and "Next". Below the form is a grey box containing Hungarian text: "Amennyiben kérdése van vagy hibát tapasztal, a 6800-ás központi hibabejelentőn és az operator@elte.hu címen munkatársaink állnak rendelkezésre". At the very bottom is a link for "Sign-in options" with a magnifying glass icon.

2. After the multi-factor authentication, download the installer by clicking on "Download for macOS".
